KAREN BASS
MAYOR

July 4, 2024

Dear Anime Expo fans,

I am thrilled to welcome you back to Los Angeles, the City of Angels, for another exciting year of **Anime Expo**, hosted by the **Society for the Promotion of Japanese Animation (SPJA)**.

Anime Expo brings together fans from around the world to take part in the four-day celebration of Japanese pop culture, from anime and music to fashion and beyond. It's a truly special atmosphere, and Los Angeles – a city known for its incredible diversity and creativity – is the perfect place to experience it. I hope you will explore all that our vibrant city has to offer and have a memorable time at this year's convention.

The City of Los Angeles looks forward to many more years of celebrating Japanese culture together.

Sincerely,

Karen Bass

CONSULATE GENERAL OF JAPAN
350 SOUTH GRAND AVENUE, SUITE 1700
LOS ANGELES, CALIFORNIA 90071
TELEPHONE (213) 617-6700

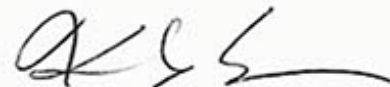

Warm greetings to the organizers, participants, and attendees at the Anime Expo 2024! It's an opportunity for enthusiasts of Japanese pop culture such as manga, anime, and cosplay to come together at Anime Expo and celebrate their interests with like-minded peers and make new discoveries.

Japanese pop culture has expanded its reach worldwide, making its presence felt in different spheres including art, fashion, design, entertainment, and music. Events such as Anime Expo are a fun way to experience Japanese pop culture firsthand through such genres as manga and anime that continue to grow their fan bases.

The Government of Japan is eager to promote understanding of different aspects of Japanese culture to a wide audience, and at JAPAN HOUSE Los Angeles, a project of the Ministry of Foreign Affairs, the exhibit "Yes, KAWAII is Art – Express Yourself –" highlights the philosophy of *kawaii* and its concepts. *Kawaii* is now part of the global lexicon. *Kawaii* culture has evolved into something much bigger than its literal translation of "cute" or "adorable," and has been embraced worldwide. Japan is proud to explore such ideas in unique ways.

International cultural exchange continues to flourish between Japan and other countries through manga, anime, cosplay etc. My hope is that Anime Expo continues to encourage such exchanges and mutual understanding about Japan. Everyone attending Anime Expo is a friend of Japan, and I hope your interest continues to grow.

Sincerely,

Kenko Sone
Consul General of Japan

NAOTO SATTA

Introducing our featured artist for Anime Expo 2024, Naoto Satta, a multifaceted individual known for his roles as a Mangaka, Illustrator, and Shinto priest. We are blessed to have Naoto Satta create AX's 2024 themed mascots.

Hailing from Aichi Prefecture, Japan, Naoto's upbringing was immersed in the vibrant traditions of festivals held at shrines and temples, a heritage passed down from his grandparents. His fascination with the intersection of spirituality and creativity began early, nurtured by his active participation in these cultural celebrations.

Naoto's creative journey was sparked by the iconic Phantasy Star 2 on the Mega Drive (Genesis), igniting his passion for science fiction and mecha aesthetics. Despite initially pursuing studies in engineering at Shizuoka University, he eventually found his true calling in the world of manga after a stint in the used car parts business.

Not content with merely storytelling, Naoto's manga, such as "Miko and Kagaku no Uso Yaoyorozu," delve into the mystical world of shrine maidens, reflecting his deepening interest in Shinto spirituality. This curiosity led him to Kokugakuin University, where he pursued and obtained full Shinto priesthood qualifications from the esteemed Faculty of Shinto Culture.

Naoto's influence extends beyond the borders of Japan, having conducted ceremonies at prestigious events like the Japan Expo Japan booth in France. Currently, he embarks on a pioneering endeavor, merging his passions for manga and technology by studying 3D design to construct a shrine in virtual reality space.

In addition to his artistic pursuits, Naoto is an inventive soul, dabbling in homemade device development, seamlessly blending 3D printing and electronics to create innovative drawing tools.

Renowned for his expertise in exploring themes of history, culture, and gadgetry, Naoto Satta stands as a luminary at the crossroads of tradition and innovation, captivating audiences with his unique blend of creativity and spirituality.
